Judging from the conversation of everybody you talk to Charleroi will be depopulated tomorrow, and the cause is the big Community Outing at Kennywood Park. The committees in charge of this outing have labored hard and they have done their work well. Nothing has been left undone to make the day one of the biggest in the history of Charleroi. The old time spirit of doing things big when you do them has been in evidence ever since the first announcement of the outing and as a result the bigger majority or in fact everybody that can arrange their affairs accordingly will be at Kennywood tomorrow.

A last minute survey of the business houses made this morning shows that they will be closed practically 100 per cent. Of course there may be a few places that will remain open, but if you are so unfortunate that you will have to remain home it will be a sad and lonely day for you, as all your neighbors and friends will be away.

An important feature which the public must not overlook, is that the picnicer must have a ticket, or else he will have to pay full regular fare. Buy your tickets at the station. Do it now.

The special train committee has made arrangements with the Pennsylvania Railroad company and the following special trains are announced: First train, 8:30 a. m.; second train, 8:40 a. m.; third train, 8:50 a. m. These trains will leave Speers as follows: First train 8:35 a. m., second train, 8:45 a. m.; third train, 8:55 a. m., and will arrive at Duquesne as follows: First train, 9:25 a. m.; second train, 9:35 a. m.; third train 9:45 a. m. Trains will leave Duquesne to transport the picnickers to their homes as follows: First train, 7:30 p. m.; second train, 7:40 p. m., and third train, 7:50 p. m.

Baskets of the picnickers will be checked at the grounds for 10 cents.

The program of sports is as follows:

100-yard race, High School boys.
100-yard race, open.
100-yard race, business men.
100-yard race, fat men.
50-yard race, girls, open.
75-yard race, girls, open.
50-yard race, married women.
Girls' Baseball long distance throwing contest.
Nail hammering contest.
50-yard race; at finish contestants blowing up a paper sack.
Three-legged race, merchants.
200-yard race, open, boys.
First and Second grades, any school, balloon race.
Third and Fourth grades, any school, potato race.
Fifth and Sixth grades, any school, obstacle race.
Seventh and Eighth grades, any school, game of cage ball.

In the afternoon there will be a baseball game between the merchants.

Prizes will be given in all the events.

The fare to Kennywood and return will be $1; children, 60 cents, all inclusive of street car fare. One amusement ticket will be given with each fare sold.

**PICNIC AMUSEMENT TICKETS**

The special price of 30c for 75c worth of Picnic Amusement Tickets at Kennywood Park will be on sale until the supply runs out. No special prices will be granted the day of the Picnic. Those who buy early will save the money. Tickets on sale at Might's Book Store, Grant's Hardware, Piper's Pharmacy, Hennings, Claybaugh & Milliken, Schafer's Jewelry, Schmieler & Kimmins, Kramer's Drug Store, Lock Four, and Steel's Grocery, Speers. 305t6

## BUY YOUR TICKETS TO-NIGHT.

If you intend going to the Picnic at Kennywood Park tomorrow, and judging from the conversation of those with whom you come in contact, everybody is going, it will be a wise thing to buy your railroad tickets tonight. There is sure to be a last minute rush at the railroad station tomorrow morning and such a thing is possible of not being able to handle the crowd. Of course, extra ticket agents will be there to handle the crowd, but it would be far safer if you would buy the ticket tonight and avoid yourself that uncertainty of being caught in a rush and have to get on the train and pay the full fare to the conductor. If you are holding off on account of the possibility of rain, don't let this stop you from buying a railroad ticket. If it should be a bad day and you are unable to attend the outing you can have your railroad ticket redeemed. Amusement tickets are still available at the special price of 30 cents for the strip. These tickets are not redeemable, of course. If you wish these tickets at the special price buy them today as there will positively be no sale at the special price at the park tomorrow. The contract with the Park authorities positively prohibits the sale of tickets at anything but the regular price at the park. Get both railroad and amusement tickets today and play safe.

## Children Give A Program Of Merit

At the M. E. church on Sabbath morning, a program of much merit was rendered by the children and young people of the Sunday school.

The church was beautifully decorated with flowers and plants.

The pastor baptized five infants.

The singing was of that high order for which this school and church are noted.

The large auditorium was filled, many standing in the rear.

In the evening the Junior choir, which led the singing in the morning service, again sang and the pastor preached on "A Child's Ministry.", using I Samuel 2:11, as the Scriptural basis of his sermon.

## NEGRO CUT IN QUARREL

Andrew Kirchfield, colored, 27 years old, of Monongahela, was badly cut Sunday night at 10 o'clock in an altercation with Robert Minnow, aged 21 years, of Third avenue, Monongahela, at the latter's boarding house. Kirchfield and Minnow became engaged in an altercation which resulted in Minnow attacking the older man with a butcher knife. A serious wound was inflicted in Kirchfield's back with the weapon following which Minnow ran from the house and so far has eluded the police.

Acting Chief of Police G. T. Gillingham investigating the attack yesterday morning discovered that Minnow told Kirchfield of his intentions to attack an acquaintance of both men. Kirchfield remonstrated with the young man and an argument ensued during which Minnow stabbed Kirchfield. Minnow is a well known figure in police court circles and has appeared before the mayor on several occasions for minor offenses. Lately he has been working with the city garbage force and resided with John Saunders in Third avenue, Monongahela.

## Troop Comes Back From Week-End Hike

Under the leadership of their scoutmaster, Walter H Fielding, fifteen members of the American Legion Troop No. 7, returned Sunday morning from a week-end hike. The troop started out Friday evening and walked to Gillespie Hollow, where they camped for the night. Breaking camp at 4 in the morning they hiked to Crabapple, where they pitched camp. They returned by way of Perryopolis, and vicinity, arriving in Charleroi Sunday morning at 10 o'clock.

A full attendance is especially urged to turn out for the regular meeting this evening. The meeting is an important one as final preparation will be made for the Championship meet Saturday.

## TRESSELL MEETING MUCH OPPOSITION

### California Man Who Wants to Be a Private Sleuth, Finds His Path Strewn Not With Roses—Is High Constable

### WANTS TO CONDUCT AGENCY

### Is a Former Constable of Neighboring Borough And Once Police Head — Asks License From the Court—Much Interest In the Case

J. L. Tressell, former constable and once police head of California, wants to be a private sleuth and conduct a detective agency, and has appeared before the court at Washington. The testimony was concluded yesterday afternoon, arguments heard, and the matter is now with the court. Judge Erwin Cummins sat during the hearing yesterday. Judge James I Brownson and Judge Cummins sat in the hearing a week ago, but Judge Brownson was engaged in another hearing yesterday.

Judge Cummins had to call attention to the fact several times during the hearing yesterday, when the testimony promised to broaden out into matters not bearing on the question before the court, that the question before the court was simply whether or not there was a necessity for a private detective in California and that community for the proper enforcement of the laws and if so was the applicant a fit man to be given such a license. Judge Cummins said the court was not interested in who represented one side or the other in the controversy, or in any personal fight that might enter into the matter.

The protestants to the application denied the claim of the petitioner and those favoring his application that the liquor element was opposing Mr. Tressell. Many witnesses were called by the remonstrants and they all were of the opinion that there was no necessity for a private detective in that community, and there were sufficient officers there to enforce the laws, and that Mr. Tressell was not a fit man to be given a detective license. It was brought out that Mr. Tressell was defeated at the election by Thomas White, for constable, by a large vote. Also that he was not retained by council as chief of police, council being made up of representative citizens of that borough.

Members of council, it was shown, are Ellis Lilly, vice president of the Peoples National bank and prominent coal operator; Leslie W. Hornbake, supervising principal of the East Pike Run township schools; George Harkins, a coal superintendent; Thomas Crumley, a coal operator; Earl Taylor, a jeweler; W. J Smith, a mine foreman, and Dr. C. W. Yarnall, long a practicing physician there.

**WILL ARREST WOMEN UNLESS THEY PAY THEIR SCHOOL TAX**

Dr. G. H. Smith, a former Charle- sends Fred W. Brady, tax collector, the following excerpt—special to the New York Times:

"Washington, Pa., May 28—Following instructions from the Board of Education, Fred W. Brady, tax collector of Charleroi, has started laying information against 1,700 women and 300 men of that borough who refuse to pay their school taxes. The School Board ordered that the women who had persistently refused to pay their share of the revenue for the schools be arrested as well as the men. In addition to the taxes those arrested will have to pay the costs, amounting to several dollars.

"Tax collectors throughout the country report that women refuse absolutely to pay taxes, but Charleroi is the first district to resort to drastic action in an effort to collect them."

## Constable Makes Raid On "Alcohol" Gang In Axleton; 4 Arrested

Constable James Rue of Forward township, Allegheny county, has started a cleanup of a number of the well known "alcohol gang" in the Axleton section and as a result of his first crusade, four Monongahela men were sentenced to the Allegheny county workhouse for 90 days without fines yesterday morning.

Axleton has received an unwholesome name as the result of considerable traffic in moonshine which it is generally believed goes on in the little hamlet, despite several successful raids by state police some time ago, when the district was cleaned up. A number of Monongahela men have been making daily expeditions across the river from Monongahela to Axleton to obtain their supply of hooch and in the past year five men have come to their death as the result of alcoholic poisoning. Constable Rue decided that the quickest way to stop it was to arrest the men and deliver them into the hands of the county judges. Last evening William Hickman, Ed Parkinson, Charles Ford, and James Applegate were arrested and taken to Pittsburgh where they were sentenced. Constable Rue has declared that the cleanup will continue indefinitely.

## Their Mother In Jail And Father A Fugitive Leaves Children Alone

With their mother in jail facing shoplifting charges and their father a fugitive from justice charged with being intoxicated while operating an automobile, three little children of Mr. and Mrs. Charles Demsky, of Lincoln Hill, are being cared for by the juvenile court and will probably be taken to the Children's home today.

The youngsters were in the machine of their father when he crashed into the automobile of Miss Marion Emery which was parked in Jefferson avenue, Washington. He fled from the scene of the smashup, leaving them alone. He has not been located. The mother was arrested several days ago as a shoplifter. Andrew Laman and Zidmust Turordorski, who were in the Demsky car were fined $10 and costs by Mayor W. W. Hoyt of Washington.

**LYNNWOOD LOTS TO BE SOLD.**

For many years real estate dealers with vision tried to buy the plot of ground between the Fayette City road and the trolley adjoining North Belle Vernon and known as Lynn's Woods. It was the most desirable piece of property close to Belle Vernon, Monessen and Charleroi, on improved highways, and the trolley, to be had.

A few years ago it was purchased by T G. Brown, president of the Peoples National Bank of North Belle Vernon, and J. M. G. Brown of Morgantown, W. Va., well known real estate developer, and converted into a modern residential plan of lots. The property was divided into large home sites on wide streets and avenues after the most approved method of city planning. Just a year ago the first lots were sold. The purchasers of lots at this sale have in some cases built homes, others have houses under construction.

To hasten the development of this beautiful section Brown and Brown will on Thursday, commencing at 9:30 in the morning, inaugurate what they call the Lynnwood Building Lot Sale. At this sale many inducements vestors by the owners of Lynnwood.

Real estate dealers in the valley who are in touch with the great residential development of the North Belle Vernon section predict for Lynnwood a great building boom that will increase home-site values and make handsome profits for investors in Lynnwood lots. 6t1*

## G. O. P. FORMALLY OPENS CONVENTION

Municipal Auditorium, Cleveland, Ohio—June 10—The Republican convention called to nominate Calvin Coolidge for the presidency and lay down the policy with which G. O. P. will seek replication of power this fall, opened here today at 11:00 o'clock. Chairman John C. Adams of the National committee slammed his javal calling to order the 1100 odd delegates the alternatives and some 13,000 guests, who came to witness the event.

The citizens band formed immediately before the rostrum under the leadership of the noted [illegible] John Philip Sousa. The band played "The Star Spangled Banner" followed by "The Stars and Stripes Forever," and then Sousa's latest march.

Bishop William S. Anderson, of the Methodist Episcopal church of Ohio, was introduced by Adams to deliver the opening prayer.

Bishop Anderson prayed that in its deliberation of the convention would adhere to the "deep sense of our destiny and obligation."

Municipal Auditorium, Cleveland, June 10—With quiet precision, Republican hosts formally opened their convention today, aimed to name Calvin Coolidge their presidential nominee on the 70th anniversary of the G. O. P.

Every detail of the great conclave had been worked out in advance. Street cleaners were even up all night washing the pavements that nothing might mar the eye of delegates or visitors along the thoroughfare to a convention, which in turn, had been made proof against dismal of pat.

A joyful sun greeted the delegates as they awakened this morning ready to answer the call to duty and oratory, set for 11 o'clock. Long before the hour for the gavel to fall crowds were gathered at all entrances of the huge auditorium bent upon getting a glimpse of the opening proceedings. Reasons for the early rush were two—the prayer by Bishop William F. Anderson—was one of the only two

## FAREWELL GIVEN FOR REV. FR. C. G. DIANA

Rev. Father Cajetan G. Diana, who for the past six years has faithfully served as pastor of the Mother of Sorrows church, was honored last night with a farewell demonstration given by the Knights of Columbus. The affair was held in the Lyceum of the St. Jeormes church which was well filled with members of the organization and congregation of St. Jerome's church, who came to bid the departing beloved priest a fitting farewell. Rev. Father William D. Fries, Rev. James McKeever and Rev. Joseph A. Kushner, the latter pastor of St. Cyril and Methodius church, gave talks in which they paid high tribute to Father Diana. Tom P. Sloan, in behalf of the Knights, presented Father Diana with a purse. In Mr. Sloan's presentation speech he spoke very highly of the work of the honored priest and the widespread regret felt at his leavestaking. A pleasing musical entertainment was carried out, interspersing the program. Miss Irene Pardiny rendered a number of vocal selections in her usual pleasing manner, and Miss Lillian Calistri also entertained with vocal solos that were well received. Mrs. Joseph Fries officiated at the piano.

Concluding the program was the farewell address of Father Diana. He expressed his sincere appreciation for the honor shown him and his regret and sorrow in leaving his many friends.

Father Diana is leaving Thursday morning for Detroit, Michigan, where he will institute a new church. The vacancy made by his departure will be filled by Rev. Paonessa, of Madison, Pa., who will arrive in Charleroi Thursday to take over his new duties.

## West Newton Comes Here Today For The First Game of a Series

This evening, the game being called at 5 o'clock, the crack West Newton club, which defeated the Homestead Grays last Saturday, will appear on the local grounds for the first game of a series which the managers of the West Newton team and the Charleroi Independents has arranged. Manager D. Cleve Mathers said last night that he would pitch Beatty, and it is to be hoped that he will be in better form than he was last night The West Newton club has lost but one game this year—that to the Sackville Stogies yesterday. And by the way we understand the Stogies are to come here Saturday.

## PIRATES LOSE THE SECOND OF SERIES TO N. Y. GIANTS

New York, June 3—Ellwood City, up New Castle way, stepped into the sport picture today to trim the Pirates. To get the point quickly, Stouts Wilson of the Lawrence county town, floored Wilbur Cooper in the seventh with a base full triple. The awful sock gave the Giants a 6 to 4 victory over the Oaklanders.

Not so many years ago sturdy Lewis Wilson, in knee breeches, felt a big thrill when he carried Connie Wardman's glove and bat to get into the Shelby Steel Tube company's game at the quiet town on the Baltimore & Ohio. If Connie should happen to come to New York this summer, he will be taken gratis through the Polo Grounds gate by the same kid whom he befriended at Ellwood City, for Stouts surely is the apple of John J. McGraw's eye. He must be to crowd a player like Billy Southworth out of the outfield.

The Pirates actually believed they were on the verge of winning a ball game as the fans rose to stretch themselves in the famed seventh Leading by three big tallies and with Wilbur Cooper hitting on all cylinders it looked as if the Giants were to bite the dust on their own backyard. And then see what happened

Travis Jackson pasted a little hit to left. No cause for big worry, but Pittsburgh sympathizers squirmed in their seats when Cooper sunk a pitch into the arm of Heinie Groh Very painful to Heinie but the Dutchman had plenty of solace. In a moment Hank Gowdy had singled and thus the run needed to deadlock was on the paths. When the smoke blew away the score was New York 6. Pittsburgh 4.

## SAMMY MANDELL DEFEATS DUNDEE AT EAST CHICAGO

of Rockford, Ill., defeated Johnny Dundee of New York, junior lightweight and featherweight champion of the world in a 10-round contest opening the new $50,000 open-air arena at East Chicago, Ind., last night Mandell, in the opinion of the newspaper experts, won every one of the 10 rounds by a wide margin.

Mandell carried the contest to Dundee from the start, keeping his veteran opponent on the defensive The Rockford lightweight continually poked left hard jabs into Dundee's face and shook him up a half dozen times with jolting right crosses

Mandell set such a dazzling pace that Dundee seemed bewildered.

Dundee only landed half a dozen effective punches in the 10 rounds he crowded into Mandell, hooking lefts to the body in the closing round and in the third set Mandell back on his heels with two sweeping left hooks to the chin

Mandell weighed 133 pounds while Dundee scaled 129 pounds. Dundee's title was not involved as Mandell was over the junior lightweight limit and Dundee was a pound under that figure.

## BELIEVE WILLS HAS SEEN HIS BEST DAYS

New York, June 10—The lap-lap of water against the river front docks of New Orleans, the haze of a Louisiana morning as the steamer comes around the bend and the sharp bite of the cotton hook and the creak of straining ropes— these are some of the sounds and sights and sensations that await ahead for Mistah Harry Wills, erstwhile heavyweight aspirant

Some 24 hours ago, Wills had anticipated the chink of gold coin, the clicking of the turnstiles and the pleasing plaudits of the multitude

The toughest, gamest 185-pounds of fighting Irish that ever stood up to a beating blocked Wills's path last night, one Bartley Madden, who surprised and delighted 16,500 fans at the Queensboro A. C. by staying the entire 15 rounds with the big negro, and making Wills look bad as he did so.

The negro who has so often challenged Jack Dempsey, looked so far from his old self, in fact, that they are writing him off the books as a drawing card. even against Luis Angel Firpo It may be a little premature to do so. but on his showing last night Wills is headed back to Stevedore days down on the levee.

In justice to Wills, it must be said that he hasn't had a fight for a long long time. and that Madden makes them all look bad

## HOMESTEAD GRAYS BEAT THE LOCALS BY A SHUT-OUT

Before the usual large crowd attendant when the Homestead Grays come to town, the admirers and rooters of the Charleroi club were forced to see the locals go down to defeat that was marked principally by the heavy artillery work of the Grays The one redeeming feature of the work of the Charleroi club, aside from its good fielding, was the batting of Captain "Bill" Phillips, who garnered three of the five hits secured by Charleroi. The score was 10-0 in a seven-inning contest.

Beatty started for Charleroi, but was batted out of box in third. Ridale who took his place, did a little better, but the visitors poled two home-run

succeeded by Hines. The Grays accumulated 16 hits, and the game was too one-sided to be interesting. Owens, their best pitcher, held the locals to five hits and struck out seven The score:

## TIERNEY SLUGGERS BEAT THE SPUDS OF CHARLEROI

The Tierney Sluggers won their second game of the season, when they defeated the strong Spuds of Charleroi The contest was one of 10 innings, account of the Spuds deadlocking the score in the ninth inning.

The game was played at Lock Hill on Saturday afternoon at 3 30 o'clock and the batteries were, for the Sluggers J Farkas and T. Rock; for the Spuds, J Houston and Soger Umpire Smith.

PLANE BEATS PIGEON 77 MINUTES IN NEW YORK-WASHINGTON RACE

Lieut. J. Kendrick Noble, U. S. A., shakes "hands" with the carrier pigeon which led a squad of 35 birds in a race against the plane from Miller Field, Staten Island, N. Y., to Washington. The plane made the flight to Bolling Field in exactly 4 hours, the first pigeon in 5 hours 17 minutes. Lieutenant Noble carried invitations sent by Mrs. Frank Vanderlip (shown holding the pigeon, which she released) to Secretary Hughes and Ambassador Hanihara to attend a Japanese garden party, June 7 at the Frank A. Vanderlip estate, Scarborough-on-Hudson, N. Y., for benefit of rebuilding fund for Tsuda College, Tokio, wrecked by the earthquake.

## JERRY SACHS BETS THAT HE IS A JUDGE OF BOXERS

Jerry Sachs has wagered $1,000 that he is a good judge of boxers. Sachs has paid Jimmy Dunn that sum for Dunn's contract with Young Al Corbett. Corbett recently broke away from Dunn and asked Sachs to manage him. Dunn, however, held a ten-year contract with the youngster and refused to allow him to break it — that is, he refused until Sachs offered him $1,000 for it. Then James was persuaded to "give in."

$1,000 is a lot of money to pay for the privilege of managing any boxer, but Jerry believes his investment a wise one. Corbett unquestionably has a bright future. He is possessed of much skill and he is a puncher of parts. Al has engaged in forty bouts and he has scored knockouts in twenty of 'em. He has met, among others, Tommy Ryan, Teddy Joyce, Pete Zivic, Bucky Ryan, Young Pinchot, Johnny McCoy Tommy O'Boyle Phil Verdi, Bud Dempsey, Jackie Mellman, Eddie Wimler, Don Baxter, Charley McGovern, Jack O'Brien and Billy Hill. Ryan held him even and Al beat the rest of 'em, scoring kayoes over half of his opponents

Any featherweight with Corbett's ability should make a lot of money right now, for the 16 pound division is absolutely devoid of first call material Johnny Dundee, the champion, is almost at the end of his tether: Carl Tuane, who was looked upon as the leading contender, was recently knocked out by Johnny Leonard, who subsequently lost to Tony Vacarelli, a promising but unschooled youngster. Al ought to be able to whip darn near anything in the class and thereby prove Sachs was not unwise in paying $1,000 on his contract.

## Mother Tells Very Remarkable Story

**Son Underweight and Delicate For Seventeen Years Is Now Strong and Well**

**Sulac Given Credit For Restoring Health**

**Remarkable New Remedy Continues Its Early Record of Sensational Successes**

Every mother who has seen her children suffer from indigestion, constipation and the other forms of stomach trouble that have compelled her to deny them the candy and sweets that other children thrive on will be interested in the following statement made by Mrs. Boyd Shick, of New Bethelehem:

"Ever since my boy was a baby he has been delicate and underweight He has suffered constantly with his stomach, and constipation Always took cold easily and nothing we ever did for him would make him gain weight or strength.

"Every time he would eat candy or sweets like the other "kids" he would have a terrible spell. We have bought all kinds of medicines for him but they did not help. So far he has taken four bottles of Sulac and it has worked wonders with him. Indigestion and constipation are all gone, he eats anything he wants and is gaining weight right along. I can truthfully state that Sulac has done the work for him. I have recommended it to friends of mine and I am glad to tell anyone that Sulac is the best remedy I know of for Stomach trouble and Constipation

Yours very truly,
Mrs. Boyd Shick
New Bethlehem, Pa.

Sulac is a certified product of the Southern Laboratories of Atlanta, Georgia, and was brought to Charleroi only after our enterprising druggists had convinced themselves of its wonderful success in other territories. It is highly recommended for constipation, heart burn, indigestion, gastritis, loss of appetite, stomach catarrh and other forms of stomach trouble.

You can try Sulac with absolutely no risk. Go to your druggist and buy six bottles. If after taking them you are not perfectly satisfied, ask for your money back. The manufacturers authorize your druggist to make this offer. Sulac is sold in Charleroi by Henning's Drug Store and high class druggists almost everywhere. If you happen to live in a town where it cannot be had, write to the Sulac Laboratories, 59 Eugenia Street, Atlata, Ga., and it will be sent you postpaid at the regular price of $1 00 per bottle.

## LACK OF SPORTING SPIRIT.

The story goes that at the Olympic's football game in Paris the other day a rough element not only jeered the American team but hissed the American flag, and no doubt much will be made of the incident by those among us already unfriendly to France for one reason or another—including the prevalent influence of German propaganda. Editors desirous to be fair have pointed out that the development of athletics is new in France, that allowance must be made for the "emotional French temperament," and that France has not yet become a sporting nation in the sense that England and America are. They might have added that sporting manners, of the best have too often been exhibited in America, and at least in one instance right under French eyes. Less than a year ago Criqui, the French boxer, appeared in a ring at the Polo Grounds, New York, and in the account of what happened we read: "The crowd booed him when he was introduced; it kept on booing him when he was blind and bloody and too dizzy to know where his opponent was, and happened to hit low. It shouted at him, 'So you're a champion!'"

Our own record is not quite spotless enough to give us the right to blame the French nation because Paris hoodlums behaved outrageously at an international football game. "Supposing it should turn out," pointedly suggests the New York Times, the American bleachers in the French benches had expressed their opinion of the French team with that frankness which they might have used at home, and with a few additional remarks about the general inferiority of all Frenchmen compared to all Americans which were so often heard in the A. E. F. and suppose they spoke in French or in the presence of Frenchmen who understood English, is it not possible that they, and not the Frenchmen, might be considered the real offenders?"

## MAY READ ROBERT OUT OF CONVENTION

Cleveland, Ohio, June 10—A "party loyalty pledge" designed to read La Follette and his cohorts out of the G. O. P., may cause the blast that tilts the tight nailed roof of the Cleveland convention.

Following the precedent set by Roscoe Conkling in the "mugwump" days at the Chicago convention in 1880, a group of red hot Coolidge supporters has prepared a resolution pledging every delegate to support the Republican nominee—Calvin Coolidge.

The introduction of that resolution is the signal for the only real fight that may take place on the floor of the otherwise placid ratification meeting here. Cooler heads, sensing the explosive powers lying behind the plan, are trying to head off the movement, but those behind it insist that nothing can stop them.

News of the plan has reached the La Follette leaders and they are prepared to meet it with a counter proposal that contains an equally destructive force. As a substitute they propose to offer the resolutions reading Harry N. Daugherty, former attorney general, and Albert B. Fall, former secretary of the interior, "out of the Republican party."

When Conkling offered his resolution at the convention which named Garfield as the Republican standard bearer, it received the support of all but three delegates. The three self confessed "mugwumps" left the convention.

But it will be a different story at Cleveland, if the movement is carried out. The 27 Wisconsin delegates pledged to La Follette and the six North Dakota delegates, who have announced their intention to vote for the Wisconsin senator, will stand their ground.

They will not only demand the right as duly elected Republican delegates to be heard but to vote on every question that comes before the convention. They will not "walkout" and they will refuse to be thrown out. Any attempt to drive them out will be met with vociferous vocal resistence.

"We will fight to the last ditch for our rights in the convention," Robert M. LaFollette, Jr., said today in discussing the movement. "The Wisconsin delegation will be in the convention when it ends whether the rest of the delegates like it or not. We ma y be deprived of a vote, but no one can rob us of a voice."

## THE OFFICE CAT

The man eyed the suspicious looking individual on the street car. When he got off, the man discovered that his watch was gone. He rang and stepped off at the heels of the suspicious one.

Entering an alley the first man said, "Hands up, give me that watch."

The second passed over the watch without comment.

When the first reached home that night, he tried to explain to his wife why he was so late.

She replied: "Yes, I thought you would be late as you left your watch home this morning."

The complaint in short is that the big bakers are making too much "dough."

Father's expensive gold watch had failed him. It wouldn't go at all.

"I can't think what's the matter," he complained. "Perhaps it needs cleaning."

"Oh, no, daddy," objected four-year old Henry. "Baby and I had it in the bath room washing it all day yesterday."

## FAIRMONT MEN DRIVE FAST; ARE FINED

After a five-mile chase along the Monongahela- Finleyville pike yesterday morning two alleged rum runners from Fairmont, W. Va., were apprehended by Constable James Reed of Finleyville, and H. D. Benn, proprietor of Benn's Garage, near Finleyville, and lodged in the Monongahela lockup for a hearing on a charge of illegal transportation of liquor. The men gave their names as Joseph Hartz and Joseph Tomsic, of Fairmont, W. Va.

Early yesterday morning the men were passing along the Library-Finleyville road in a large touring car and when near the Benn's garage their machine struck a Ford touring car of Mr. and Mrs. J. E. Brown of Dormont. The Ford was thrown to the side of the road and narrowly missed going down an embankment. Two wheels were torn from the smaller machine but fortunately the occupants escaped serious injury. The collision was witnessed by a number of persons standing at the garage and when the driver of the car did not stop, H. D. Benn sent several men to care for Mr. and Mrs. Brown while he secured a machine from the garage and started in pursuit of the disappearing car.

At Finleyville, with the culprits' machine a considerable distance ahead, Benn picked up Constable Reed and they resumed the pursuit. After a three-mile chase the pursuers traveling at 50 miles an hour, overtook the machine at National Mine No. 3 and Hartz and Tomisc were placed under arrest.

At a hearing before Alderman Jenkins last evening Hartz and Tomsic were found guilty of reckless driving and were sentenced to pay a fine of $25 and for the damage done to the Brown car. The charge of illegal transportation of liquor was not pressed as none was found in the car. The men are thought to have thrown the liquor away during the hot chase with the officers.

## Glider Boat Skims on Water, Ice or Snow

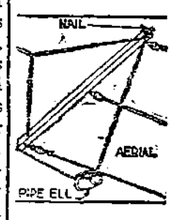
Designed to skim over the surface of the water or across ice or snow, a seagoing "glider," equipped with an airplane engine and propeller, is being tested. The inventor has planned the craft as an aid to police and government officials in chasing lawbreakers and as a torpedo carrier for battleships. Six of the boats, he declares, each with space for four torpedo tubes, can be kept on one warship. The boat is thirty-two feet long, has a seven-foot beam and runs in shallow water.

## Ducks and Loons Use Wings to Swim under Water

Do ducks use their wings while swimming under water? The question is discussed frequently among sportsmen and nature students, and opinions sometimes differ. Testimony of reliable authorities, however, supports the belief that various species of ducks and grebes, loons and other diving birds do use their wings when swimming beneath the surface for food or in trying to escape capture. A ruddy duck was observed in Lake Michigan not long ago, feeding in fifteen or twenty feet of clear water. As it got well started on its downward plunge, the wings, about two-thirds extended, were used in quick, short strokes at the rate of about one a second to assist in propelling it and in rising to the top as well.

## Preventing Aerial from Rolling

One of the most common troubles experienced with multi-conductor aerials is that the spreader turns around in a windstorm and the wires cross, making it necessary to climb up on the roof to disentangle them again. A simple and effective method of preventing this trouble is to suspend a weight, which may be a heavy pipe elbow, from each spreader as shown in the illustration. The weight is tied to the center of a rope and the ends of the rope fastened to the ends of the spreaders as shown.



## Autos Worth Ten Billions Cost Billions to Run

Official estimates place the number of motor vehicles owned and operated in the United States at 14,000,000, the investment represented being about $10,000,000,000 and the total cost of maintenance close to $5,600,000,000 a year. This amount is said to equal more than half of all taxes. It is contended that payments made by owners of motor vehicles for highway service should be in proportion to the benefits received; that taxation should not be uniform but should correspond to the highway facilities of the different states.

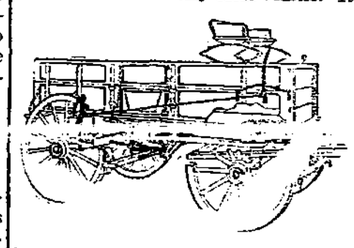
## Spring Brake on Farm Wagon Saves Horses and Driver

Wagon brakes are automatically set when the horses stop, thus keeping the weight of the load from the holdback straps and collars, by a patented spring arrangement designed so that it can be attached to an ordinary farm vehicle. It



is connected directly with the doubletrees. As the horses start, the pull is exerted on the spring in front, thus making the load easier to start, as the force pushes the wagon gradually. This forward movement also releases the rear spring pressure on the brakes. In going down hills, the hand brake is available. The device saves the labor of locking the handle in the ratchet each time the wagon is stopped, eases the work of the horses and of the driver, and saves wear on the harness.

## 18 Reasons Why Men Leave Home for Florida East Coast; Summer Beach Season In Land of Flowers Breaks Records

Each is a winner in a summer beauty contest.

Eighteen Florida beauties, each a winner of a beauty contest at a Florida East Coast resort line up for the beauty finals during a summer sports event at Daytona Beach, Florida and likewise puzzle the judges now to tell the prettiest ones. You can't really wonder that all records for summer attendance are broken when these pretty girls make a vision alluring enough to answer the question why men leave home. But since Florida has more sea coast than any other state with plenty of smooth beaches and nice cool spots for the fat men whom "nobody loves" these bathing nymphs will not bother mere man.

With special railroad rates, an all year round season, no great extremes in temperature and a cool refreshing sea breeze always blowing across the narrow state, and with the help of these girls, old timers predict that Florida will some near day be as popular in Summer as in Winter. Indeed thousands of summer vacationists flock to the East Coast beaches from the Southern states.

Florida has the greatest resort beaches in the world. The Ormond-Daytona Beach, 25 miles long and 500 feet wide is the finest strip of beach on earth! No other state has such perfect resort country and climate the year 'round, old timers say. "Florida All The Year" is the new slogan of commercial bodies and the Florida East Coast Railway Company and they are making special rates from Floridian and Northern points to the East Coast resorts.

The golden days of vast developments are luring the world to Florida as a permanent home. Winter visitors attracted to the greatest Riviera in the world, extending from Jacksonville to Key West, have invested millions of dollars in homes, real estate and other enterprises. Last season broke all records for attendance with almost one million winter visitors.

Water sports, races, big game fishing, golf, hiking, motoring, yachting and tennis have captivated the year round tourists and Florida is destined to become "Florida All The Year."

## When 12 Miles an Hour Brought Out Goggles and Dusters

The idea of banking-by-mail was as far from popular thought in those days as was the possibility of being able to "make 60" on a modern concrete highway, in a luxurious "six" or "eight" of today.

Few people, looking ahead, could picture the wonderful progress 15 or 20 years would bring.

Banking-by-mail today is safe, quick, satisfactory, when you are a client of this Institution.

Deposits by mail are acknowledged the same day received.

Although the boy was identified last night the result of the indentification is kept secret. Police refuse to give the name of the child or of the persons who made the identification.

That the case is one of murder is believed to have been established. Vague clues that persons were seen carrying a suit case in the neighborhood of the place where the body was found are now in the hands of the police. One witness said he saw a man carrying a suit case in the neighborhood while another stated he saw a woman. From their stories police believed they would be able to knit together the story of the murder.

Wilkes Barre, June 10.—More than 10,000 mine workers at the collieries of the Pennsylvania Coal Co. and the Hillside Coal and Iron Co., in the Pittston district were ordered to strike today by the General Grievance Committee of the Union.

About 4,000 men have been on strike in protest against an alleged reduction in yardage rates and the others were ordered out today. It is not believed district officials of the union will sanction the strike, although no direct word has been received from them.

Early reports indicated that nearly all the men affected by the order walked out on schedule.

# CHARGE AGAINST YOUNG MAN

August Meier, father of William Meier, aged seven years, who was injured in Monongahela when a touring car driven by Hazen Neill struck the lad, yesterday preferred a charge of involuntary manslaughter against Neill before Alderman A. N. Jenkins of Monongahela. Neill was brought before Alderman Jenkins and later released on his own recognizance for a hearing to be held Tuesday afternoon.

The Meier child was fatally injured on Main street on the day of the annual school athletic day and field meet, when he ran directly in front of Neill's car which was coming up Main street. The coroner's jury hearing the evidence in the case on Wednesday, May 28, decided that Neill was not traveling at a fast rate of speed, but was contributory to the child's death in that he did not attract attention to his approaching automobile.

Neill is a wellknown young man and had just graduated from the Monongahela High school as an honor

occurred. At the time of the accident Neill was enroute to the field meet, where he was to assist in conducting the races.

## CIVIL WAR VETS HOLD CITY'S KEYS

Wilkes Barre, June 10.—The entire city was turned over today to a little group of aging men who wore the Blue back in Civil War days

The 58th encampment of the G. A. R., department of Pennsylvania, and its six affiliated organizations, got under way in earnest today.

While more than 4,000 delegates and visitors are here today for the various encampments there are barely 700 veterans present. Each year thins their white-haired ranks.

Following a meeting of the credentials committee this morning the veterans were taken for an automobil tour of Wilkes Barre and vicinity. Tonight the welcoming reception and the annual G. A. R. ball will be held at Hotel Sterling.

The Sons of Veterans reserves, camped in a "tent city" in miner park added a gay touch to the scene with their uniforms and bands. Headquarters for the woman's relief corps Daughters of Veterans, Sons of Veterans, Ladies of the G. A. R., and the Sons of Veterans auxiliary were established today.

## NOTED AUTHOR KILLS SELF

San Francisco, June 10.—Creeping unnoticed to a darkened hallway in the rear of the hall of justice, like a furtive character from one of his mystery novels, Peter Clark MacFarlane, noted author and theologian, shot himself to death last night.

The faint light shining through a glass window in the door of the coroner's office directly opposite, fell upon the novelist's body, which was discovered by a passing policeman.

None saw MacFarlane take his life, but he left a letter, telling of his fears of increasing mental deficiency. He believed diabetes was impairing his faculties.

## STATE SHOWS LOW TUBERCULOSIS RATE

Pennsylvania is one of twenty-four states whose white city dwelling wage-earners showed a lower tuberculosis death rate than the general urban industrial population of the United States, according to death claim figures compiled by the Metropolitan Life Insurance Company based on the 193 mortality experience of its 15,000,000 industrial policyholders.

The tuberculosis death rate for the United States was 90.5 per 100,000 white industrial policyholders, while that for Pennsylvania was 87.6. It is the only one of thme three middle Atlantic States which showed a lower rate than the United States.

"The regional distribution of taberculosis presents an interesting picture," the latest statistical bulletin issued by the insurance company states. "The industrial populations of the cities show higher tuberculosis rates, for the most part, below the Mason Dixon Line. In the South Atlantic group Delaware is the only one of eight states whose industrial population death rate is below that for the whole country. The rate of the East South Central States, particularly cess of the average. Among the Northern States, on the other hand, every New England state, except Rhode Island, exhibits a below average rate; so does every East North Central state except Indiana, every Mountain state except Colorado, every Pacific Coast state except California, and every West North Central state, without exception. The most fertile field for the anti-tuberculosis movement in this country now lies among the urban workers of the South Atlantic and East Central states, and of Louisiana."

## MISSIONARIES ARE STRUCK BY STRAY BULLETS

Pekin, June 10—Carl Beck and George Snyder, missionaries attached to the Reformed church, which has its headquarters at 15th and Race streets, Philadelphia, Pa., were wounded during a fight between opposing local troops at Shen Chow Fu, June 3, it was learned today.

Neither of the missionaries was seriously hurt, both suffering flesh wounds in the arms from bullets which came through windows of the mission.

After the fighting, those troops which had won the victory looted the town.

### WILL REJECT THE PROGRESSIVE PLANK

Cleveland, June 10.—The Progressive plank to be presented to the Republican convention for consideration by the platform committee was made public early today. It will be rejected by the resolutions committee and, serving as it does, as a statement of principles from Senator LaFollette and his followers, will be the milestone marking the definite break in the Republican ranks which will be followed by the launching of the independent candidacy of LaFollette here July 4.

### PEOPLE WALKING OWING TO STRIKE
